Ag Clutch Part Numbers > 330 2102 MF-DCB  
330 2102 MF-RCB  
130 2512 MF-L  
130 2509 MF-L

#### CLUTCH PLATE and COVER COMPATIBILITY

330 2102 MF-DCB (H/duty clutch discs) 330 2102 MF-RCB

130 2512 MF-L (H/duty)  
130 2509 MF-L (H/duty)

When fitting the LuK cover assembly listed, it is very important to use this in conjunction with the same LuK clutch plates shown. The cover is specially designed to suit the later style heavy duty (10.5mm) discs only - it must not be used with other manufacturer's plates.

The original cover in some models may be designed to be used with thinner discs (9.2mm) and should not be interchanged with the Luk version shown.

Mix matching of covers & discs will cause release problems and/or premature failure of clutch.
